

SME Solutions

Everything you need to manage your people and payroll.

HR and payroll, together in one platform

As businesses grow, managing people becomes more complex, and systems don't always keep up. Many small businesses are still relying on disconnected tools, spreadsheets, and manual workarounds that slow teams down and create unnecessary risk.

SD Worx provides a simpler, more reliable way to run your people operations—bringing together modern HR software and expert-managed payroll in one solution designed specifically for UK SMEs.

Managed Payroll Services

Accurate, compliant payroll handled by experts, so you don't have to.

HR Software

End-to-end HR platform covering the full employee lifecycle in one system.

Reporting & Insights

Real-time data and dashboards to give you clarity and control over your workforce.

mysdworx Portal

Employees access payslips, data, submit expenses & absences anytime, anywhere via mobile app.

Get back to growing your business

When admin falls away, your team can focus on building a great culture, designing better policies, and driving the initiatives that move your business forward.

Empower your people, elevate the employee experience, and focus on growth with confidence. We'll handle payroll, reliably and securely.

Less Fixing. More doing

Everything working together, effortlessly. No more system chaos or data gaps. SD Worx brings your people processes into one smart platform, giving you the visibility and support to run your business with confidence as you grow.

Simplify how you run your people & payroll operations

SD Worx's SME Solutions helps UK businesses run people operations more efficiently, with less risk and less manual effort.

Save time and reduce admin

Automate HR and payroll processes, so your team can focus on more valuable work instead of manual tasks

Scale without complexity

Start with what you need today and grow on the same platform as your business evolves

Improved employee experience

Deliver a simple, intuitive system that improves adoption, engagement, and efficiency

Everything in one place

Manage HR, payroll, and people data in one place with complete transparency and control, with clear, real-time insights

Best of both worlds: software + service

Combine modern HR technology with expert payroll support when needed

Built-in accuracy and compliance

Payroll handled correctly and aligned with UK regulations, without relying on internal expertise

Simple, intuitive, and built for your everyday.

Why SD Worx?

More than software, everything you need to run people and payroll operations with confidence. Growing businesses shouldn't have to choose between systems that only do part of the job.

- **No trade-offs:** HR software and expert payroll working seamlessly together
- **Built for UK SMEs:** Designed around real-world needs, with compliance handled from day one
- **Trusted expertise:** 80+ years of experience and 99.9% payroll accuracy
- **Support beyond the system:** Training, consulting, and ongoing guidance when you need it
- **Secure and reliable:** Sensitive employee data managed safely and responsibly

Choose the bundle that fits your needs

Start with the right level today and move up as your requirements evolve, without switching providers.
